

## **FINANCE**

### **Policy 602.9.1 (previously 802.9.1)**

#### **General Principles For Revenue Generating Activities**

The purpose of revenue generation initiatives is to raise funds which will supplement provincial funding and thus allow the Board to enhance programs and services to students in Richmond which will help it to achieve its Long Term Goals as outlined in Policy 101. Revenue generating activities are not intended to replace funding of public education by the Government of British Columbia.

All revenue generation activities will be consistent with, and will not compromise, the district's Philosophy and Long Term Goals.
